Conditions: Well guys, this is it. The last day of the 2016/2017 season has come and we are now officially closed. It has been a wacky, wild, and wonderful year and its been a pleasure sharing the amazing conditions this winter bestowed upon us with all of you. Sugar Bowl received the most snow in Tahoe with a season total of 795 inches, and we can only hope that next year will bring us the same, if not more. We look forward to seeing you all again next year. Signing off until next season -Cousin Vinnie.

Today's Events: We will open as soon as we have great conditions for top to bottom skiing and riding!

Today's Weather: A chance of snow showers before 11am, then a slight chance of rain showers. Some thunder is also possible. Partly sunny, with a high near 55. South wind around 8 mph becoming northeast in the afternoon. Chance of precipitation is 30%. New snow accumulation of less than a half inch possible.
